PRESS RELEASE

Inc. Magazine recognizes AT Conference on its 2009 Inc. 5000 of fastest-growing companies

AT Conference is the 135th fastest-growing company in the Business Products/Services sector, according to the 2009 Inc. 5000 list of Fastest-Growing Privately Held Companies in America. Growth achieved from 2005-2008 was 183.5%.

NEW YORK, September 9, 2009 - AT Conference today announced it has been recognized as one of fastest-growing companies in America by Inc. Magazine's Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies.

Inc. 5000 rankings are based on percentage revenue growth over three years, from 2005 - 2008. AT Conference grew 183.5% percent during this period as a provider of conferencing services.

AT Conference ranked number 1,735 overall of the 5,000 companies recognized and number 135 of 500 companies in the business products/services sector. The company ranked number 106 of 316 New York-based companies on the Inc. 5000.

The Inc. 5000 list represents the most comprehensive look at the most important segment of the economy - America's independent-minded entrepreneurs. Consumer electronics maker Vizio, Internet giant GoDaddy, rental car service Zipcar, and beverage maker Honest Tea are among the prominent brands featured on this year's list.

AT Conference's CEO, David Jannetti, said, "AT Conference is proud to receive the Inc. 5000 award for the second consecutive year. Inc. 5000 recognition of our ability to provide quality conferencing services at competitive rates in the current economic times is a reflection of our efforts in the past year to adapt to customer needs in a challenging business environment. Businesses seeking to reduce costs without sacrificing quality continue to turn to our conference call and web conferencing services as an alternative to costly travel and face-to-face meetings."

"Savvy trend spotters and those who invest in private companies know that the Inc. 5000 is the best place to find out about young companies that are achieving success through a wide variety of unprecedented business models, as well as older private companies that are still expanding at an impressive rate," said Inc. 5000 project manager Jim Melloan. "That's why our list is so eagerly anticipated every year."
