## PRESS RELEASE

### Inc. Magazine recognizes AT Conference as New York's 7th Fastest Growing Telecommunications Company

AT Conference is the 7th fastest-growing private telecommunications company in NY and 80th nationwide, according to the 2008 Inc. 5000 list of Fastest-Growing Privately Held Companies in America. Annual growth achieved during 2004-2007 was 152%.

**NEW YORK, October 3, 2008** - AT Conference today announced Inc. Magazine has ranked them as one of the fastest growing privately held companies in America. The list ranks the 5000 fastest growing companies in technology, media, telecommunications and life sciences. Rankings are based on percentage revenue growth over three years, from 2004 - 2007. AT Conference grew 152% percent during this period as a provider of conferencing services.

AT Conference's CEO, David Jannetti, said, "AT Conference is proud to receive the Inc. Magazine award. This recognition constitutes a favorable report card for providing quality conferencing services to the SMB market. Given the increased cost of travel we're a natural fit for business customers who need a less expensive alternative. We continue to have customers switch from AT&T, Sprint, and other competitors as well."

Inc. also ranked AT Conference as the 80th fastest growing telecommunications company in the entire United States.

"Our second annual Inc. 5000 continues the most ambitious project in business journalism," said Inc. 5000 Project Manager Jim Melloan. "The Inc. 5000 gives an unrivalled portrait of young, underreported companies across all industries doing fascinating things with cutting-edge business models, as well as older companies that are still showing impressive growth."

#### About AT Conference

AT Conference is a leading provider of conference call and web conferencing services that help businesses communicate more efficiently. The company is primarily focused on the SMB market and has over 75,000 users worldwide.

Headquartered in Southampton, New York, AT Conference also has operations in California, Florida, Georgia, Massachusetts and Nevada. Its rapid and consistent growth have earned AT Conference recognition on Deloitte & Touche's Technology Fast 500 and New York Technology Fast 50 lists and on Inc. Magazine's Inc. 500 list of fastest growing North American companies.
