**Southampton, N.Y., November 29, 2006** — AT Conference today announced that it ranked Number 433 on Deloitte's 2006 Technology Fast 500, a ranking of the 500 fastest growing technology, media, telecommunications and life sciences companies in North America. Rankings are based on percentage revenue growth over five years, from 2001–2005. AT Conference grew 267% percent during this period as a conferencing service provider with business-grade phone, web and operator attended conference services.

AT Conference's CEO, David Jannetti, was pleased to receive the award. He credits excellent customer service with the company's 267% revenue growth over the past five years. He said, "Being awarded a place on Deloitte's Fast 500 is due recognition for our employees who work hard every day to make a difference."

"Making Deloitte's Technology Fast 500 is commendable in today's highly competitive technology industry," said Tony Kern, deputy managing principal of Deloitte's Technology, Media & Telecommunications industry practice. "We congratulate AT Conference on being one of the 500 fastest growing technology companies in North America."

In addition to ranking on Deloitte's Technology Fast 500, AT Conference ranked 28 on the New York Technology Fast 50, which is a ranking of the 50 fastest growing technology firms in New York State.

## **Fast 500 Selection and Qualifying Criteria**

The Fast 500 ranks the fastest growing technology, media, telecommunications and life sciences companies in North America. It is compiled from Deloitte's 16 regional North American Fast 50 programs, nominations submitted directly to the Fast 500, and public company database research. Companies are selected based on percentage revenue growth from 2001 to 2005.

Entrants must own proprietary intellectual property or proprietary technology that contributes to a significant portion of the company's operating revenues or devote a significant proportion of revenues to research and development of technology. Using other companies' technology or intellectual property in a unique way does not qualify. Base-year operating revenues must be at least \$50,000 USD or \$75,000 CD, and current-year operating revenues must be at least \$5 million USD or CD. Companies must be in business a minimum of five years, and they must be headquartered within North America.
